PROFESSIONAL SUMMARY

Data-focused problem solver transitioning from manufacturing into analytics and web development. Hands-on experience building SQL queries, interactive business dashboards, and responsive websites for real-world use. Combines technical troubleshooting, process awareness, customer-focused thinking, and a practical approach to turning business problems into clear digital solutions.

TECHNICAL SKILLS

Data & Analytics: SQL (joins, aggregates, GROUP BY/HAVING, subqueries, CTEs), Looker Studio, Google Sheets, data cleaning, KPI reporting, dashboard design

Development & Tools: HTML, CSS, JavaScript, Git, GitHub, GitHub Pages, VS Code, responsive design

Core Strengths: technical troubleshooting, process improvement, problem solving, customer service, cross-functional communication

SELECTED PROJECTS

Velvet Aura Studio Website | HTML, CSS, JavaScript, GitHub Pages

- Built and deployed a responsive website for an active beauty studio, including service information, booking links, social links, and mobile-friendly navigation.
- Implemented animated hero text, a loading animation, glass-style navigation, hover effects, and responsive portrait/landscape behavior.

Velvet Aura Business Dashboard | Looker Studio, Google Sheets

- Built an interactive dashboard tracking revenue, appointment value, client sources, service performance, and appointment trends.
- Structured and cleaned appointment data, created KPI scorecards and charts, and turned operating data into clear insights for business decisions.

EXPERIENCE

Machine Operator | Carlisle | Kimberton, PA | Jun 2024 - Present

- Operate and troubleshoot mixers, pumps, valves, conveyors, and filling equipment in a fast-paced production environment.
- Diagnose equipment and material-flow issues, make process adjustments, and help keep production moving while minimizing downtime.
- Identified a conveyor/crimper alignment issue and adjusted equipment setup to restore reliable bucket flow through the line.
- Follow safety and quality procedures while coordinating with teammates to meet changing production demands.

Sales Associate | The GIANT Company | Royersford, PA | Feb 2022 - May 2024

- Cross-trained across three departments, supporting customers and adapting quickly to changing daily priorities.
- Maintained organized work areas, assisted with product availability, and resolved customer needs in a high-volume retail environment.

EDUCATION & DEVELOPMENT

High School Diploma | Spring-Ford Senior High School, Royersford, PA | 2022

Google Data Analytics Professional Certificate | Coursera | In Progress
